FOUNDATION FINANCE COMPANY

Our Process is Simple

We work with you to get you the most approvals with the least amount of hassle.

1) Submit Credit Applications

- Enter applications online, submit by fax or email, or call in to our expert credit analysts. We'll give you an answer in just a few minutes.

2) Complete Loan Docs

- Generate documents in our Kwik Dealer portal and either print for ink signature or email through the portal for general electronic signing.

3) Verification

- After document completion, FFC will contact customer within 24 hours to verify loan terms and application information.

4) Complete The Job

- Once the job is finished, submit the completion certificate.
- FFC will call customer to confirm installation and set the first payment date.

5) Get Paid

- If hard copy documents were signed, we need the originals prior to funding.
- FFC will fund you via ACH within 24-48 hours of final verification call.

Best Practices

- Get co-applicant whenever possible (gives you more approvals).
- Household income may only be used if all parties are signing.
- Down payments must be disclosed on loan documents.
- In CA – must wait until the 3 day right-to-cancel expires before installing.
