YOU HAVE A VISION

WE HAVE THE LED LIGHTING SOLUTION FOR YOU

i-Lighting's LED lighting solutions are easy to install, reliable and affordable. They offer safety, security, and ambiance to any indoor or outdoor setting.

Generally, LED lighting can be expensive and difficult to install. With i-Lighting's patented Easy Plug™ Installation System and low voltage DC power supplies, both contractors and consumers can now afford and utilize LED lighting and take advantage of the many benefits of i-Lighting's LED products.

VISUALIZE WITH ANY KITCHEN

i-Lighting's ilumá™ under cabinet LED light strip is value priced, easy-to-install, and very versatile.

It is designed to cast task lighting down under cabinets, vertically wash across in-cabinet applications, as well as highlight toe kick areas.

ilumá™ LED light strips are encased in a durable black or white poly-carbonate tubing and can easily be installed on any indoor or outdoor application.

"I am totally blown away by how quick my lights were made and shipped to me! And when I opened the box, my picture I sent you of my kitchen was there and every bag was labeled...from the length of the wire to the size of light bar... What a great company...!"

Gary from Edwardsville, PA

UNDER CABINET LED LIGHTING SOLUTIONS

10MM ILUMA™ LIGHT STRIPS

iluma™ 10mm LED light strips are designed to provide the perfect amount of downward task lighting for projects big or small. Install under cabinets, shelves, or any overhang for an ample light solution. Each light strip is precut to fit cabinets from 9" to 36" wide or customized to fit any application.

#UC 10 | Features:

Fixture Size: 10mm (1/4" H x 1/2" W)

Color: Black or White

LED Color: Clear White or Warm Yellow

Wattage: 3 Watts per foot of light

Easy Plug™ Micro-Connectors

Frosted Poly-carbonate tubing

5MM ILUMA™ LIGHT STRIPS

iluma™ 5mm LED light strips are designed to provide directional lighting for accent lighting applications. The ultra thin profile makes them the perfect size to mount vertically and wash light across glass cabinet applications or horizontally above cabinets. The 5mm **iluma™** light strip can be mounted to a 90 degree bracket, making it ideal for highlighting toe kick areas.

#UC 5 | Features:

Fixture Size: 5mm (3/16" H x 1/4" W)

Color: Black or White

LED Color: Clear White or Warm Yellow

Wattage: 1.6 Watts per foot of light

Easy Plug™ Micro-Connectors

Frosted Poly-carbonate tubing

View of back side of Toe Kick.

INDOOR POWER SUPPLY

Plugs directly into 110 outlet. Regulated DC current lengthens the life of the system, as it only puts out the wattage needed to power the lights.

#UC PS | Features:

Fixture Sizes: 25 Watt - 3" x 2" x 1/4"
60 Watt - 5" x 2" x 1 1/4"
90 Watt - 6" x 2-1/4" x 1-1/4"

Wattage: 25, 60, or 90 Watts

6' power cord comes with
60 or 90 Watt P/S

PUSH BUTTON DIMMER

Push button to easily turn lights on/off. Press and hold button to dim and brighten the lights to desired light output.

#UC PB DIM | Features:

Fixture Size: 2" x 1" x 1/4"

Color: Black or White

Easy to mount under the cabinet
inline with light strips

IR DIMMER

Swipe hand underneath sensor to turn lights on/off. Hold hand under sensor to easily dim or brighten the lights to desired light output.

#UC IR DIM

Fixture Size: 3/16" H x 5/16" W

Color: Black or White

Easy to mount under the cabinet
inline with light strips

CONNECTOR CABLES

22 GA Easy Plug™ Micro-Connector extensions to easily connect the power supply to the **iluma** LED light strip and connect breaks between cabinets.

#UC EC | Features:

Size: Custom lengths available

Color: Black or White

22 GA Easy Plug™
Micro-Connector Cable

UL CONNECTOR CABLES

22 GA UL connector cables are jacketed for extra protection when installed behind drywall.

#UC UL | Features:

Size: Custom lengths available

Color: Grey

22 GA UL Easy Plug™
Micro-Connector Cable

SMALL Y-CONNECTOR

Three 3" leads in 22 GA wire to run lights or wiring in two directions.

#UC EC Y | Features:

Color: Black or White

LANDSCAPE LIGHTING ACCESSORIES

Lighting Mounting Bracket – i-Lighting's mounting bracket is perfect for mounting the Signature Line up light to outdoor structures to provide directional lighting. The mounting bracket allows the up light to be mounted at a 90 degree angle and down wash an outdoor structure.

Tree Mount – i-Lighting's Tree Mount allows the mounting bracket to easily be installed on a rounded tree surface. Great for moonlighting within a tree.

Riser Extensions – i-Lighting's Riser Extensions allow the Signature line path and up lighting to be extended further off the ground for high growth and snow areas. The riser poles are available in 7", 10", 15" or 18" options or an adjustable riser pole from 12" to 22".

HARDSCAPING LED LIGHTING SOLUTIONS

ROCK RUN HARDSCAPE LIGHT

Showcase masonry walls, columns and pillars with i-lighting's hardscape light without the fear of bulbs burning out. When a light bulb fails on a traditional hardscape light the stone wall must be torn down to replace the fixture. i-lighting's LED hardscape light is rated to last 50,000 hours and is designed with easily removable and replaceable LEDs.

Each Outdoor Hardscape Kit includes a patented Easy Plug™ T-cable extending 6" in two directions to allow lights to be daisy chained together without cutting or splicing.
